#### GETTING STARTED

What's the most difficult task you've ever been given? Did you succeed?

#### INTO MY HEART

What were some thoughts from the text / message that stuck with you this week?

The nation of Israel was to receive words of lament, mourning, and woe. Do you see any parallels between Israel back then and the United States today? Any differences?

What area of God's Word is the hardest for the people you know to digest?

What area of God's Word is hardest for you to digest?

Using only terms you would use to describe food, do your best to explain how God's Word tastes when you eat all of it.

Would you rather learn a new language and preach to a people you don't know or speak the same language and avoid the possible judgments of people you already know?

How can you be faithful to God's calling in your own life? What comfort do you have even if things aren't as successful as you plan them to be?
