

# GROWTH GROUPS QUESTIONS

Romans 13

## GETTING TO KNOW EACH OTHER

America turned 250 years old! The US is young. What other nation's history do you admire? What impresses you about that country?

## INTO THE WORD

According to Romans 13:1-7, what do we give to authority and why?

Romans 13 and Acts 5:29 reveal we are to obey government unless it contradicts God. "We must obey God rather than human beings."

Where else in the Bible did believers resist corruption in government?

Try to identify the story before looking up the passage:

Exodus 1:17,21, Esther 4:16, Daniel 3:12-18, Hebrews 11:23

Read 1 Timothy 2:1-2. It's easy to complain about government. What are you thankful for living in our nation? What specific prayers about the government have you intentionally prayed for in the past?

Read Romans 13:4. What responsibility is given to the government in this verse? How is this properly fulfilled by government?

## INTO MY LIFE

Romans 13 says all authority is established by God. Was Hitler's rule then God's will? Why and why not?

It's easy to obey laws when you agree with them, for example: do not burn down your neighbor's house. What laws in our country do you struggle to follow? How does Romans 13:5 help curb Christians from disobedience to laws they don't like?

Romans 13 commands Christians to submit to governing authorities and Acts 5 allows Christians to resist those same authorities when told to go against God's will and Word. So, were America's Founding Fathers justified in declaring independence? Why or why not? (How does the Magna Carta play a role in America's history?)
